

My Sample Report

Ohtani is a baseball savant

Ohtani is a baseball savant doing what has never been seen in Major League Baseball history. The last player to both pitch and hit at an elite level was Babe Ruth, a century ago. But the Bambino stopped pitching relatively early in his career to concentrate on hitting. And no one ever called Ruth fast. Ohtani, the unanimous American League MVP, stole 26 bases last year. Ohtani is a baseball savant doing what has never been seen in Major League Baseball history. The last player to both pitch and hit at an elite level was Babe Ruth, a century ago.
